

Resume

➲ Basic information :

Name : Zhenming Lv gender : male
birthday : 1976.12.08 academic qualification : PH.D
Marriage condition : married E-mail: nblzmnb@163.com
Address: Zhejiang Ocean University, 1th Haidanan Road,
Zhoushan, China
Zip code : 316022

➲ Educational background :

2003.9—2006.06 China ocean university Marine biology PH.D degree
2000.9—2003.06 Ningbo university Aquaculture Master degree
1996.9—2000.06 Southwest university Freshwater fishery Bachelor degree

➲ Academic experience :

- 2006.06-2008.06 Post doctor research work in Zhejiang University.
Main research field: population genetics and evolution
 - 2009.06-2010.06 Work as a visiting scientist in Norwegian University of Life Sciences.
Main research field: Genetic breeding
 - 2014.06-to Present Work as Full professor competence, appointed by ZJOU
Main research field: Germplasm resources and Exploitation of Cephalopod species
- *****

➲ Research program responsible :

- 2016.01-2019.12: Phylogeographical and Potential Adaptive Divergence among

Populations of Two Benthic Octopuses Revealed by Population Genomics

- 2015.01-2017.12: The tagging and releasing technology based on otolith information in *sepiella japonica*. Granted by science and technology bureau of Zhejiang province.
 - 2015.01-2017.12: Artificial breeding of cuttlefish species *Sepia latimanus*. Granted by science and technology bureau of Zhoushan city.
 - 2011.10-2013.10: Artificial breeding of cuttlefish species *Sepia Lycidas*. Granted by science and technology bureau of Zhejiang province.
 - 2011.10-2013.10: Large scale of artificial breeding of cuttlefish species *Sepia pharaonis*. Granted by Marine Fishery bureau of Zhejiang province.
 - 2011.01-2011.11: Artificial breeding and farming of economically important cephalopod species. Granted by national science and technology bureau, China.
 - 2006.06-2009.12: Germplasm resources and genetic improvement of main economically important fishery species in Zhoushan fishing ground area. Granted by science and technology bureau of Zhejiang province.
 - 2006.06-2008.06: Genetic improvement of large yellow croaker. Granted by national science and technology bureau, China.
-

>Main paper published

- Wu, Changwen; Zhang, Di ; Kan, Mengyuan; Lv, Zhengmin(co-author); et al. The draft genome of the large yellow croaker reveals well-developed innate immunity. *Nature Communications*, 2014, doi: 10.1038/ncomms6227.
